

**Building and Grounds Report
Diocesan Assembly
November 2023**

- The whole-house 18 KW Generac generator was completely installed.
- Gutter Helmet was installed around the Chancery roof to keep the leaves and debris out of the gutters.
- Second floor bathroom upgrade was completed.
- Weed barrier and small stones were placed around the AC unit to keep the unit clean.

In the process of obtaining bids for:

- insulating the attic area and
- painting windows and all railings around the Chancery

Respectfully submitted,
Deacon Seraphim Truckley
